

An adventurous trip to Masinagudi

The staff of Smith Cottage decided to take the Smithies for an adventure trip. So the right and the best place was decided to a resort in Masinagudi. The trip was scheduled on the 22nd of September. The Smithies were accompanied by the staff of Smith Cottage. Two private vans were arranged to drive us to and fro. Our Principal had got special permission from the department of police to drive us down to Masinagudi via Kalhatty Ghat. We started our trip at 9.30 am with the police escorting us till Masinagudi. We had our morning snacks at 'Bison Forest.' A place with not more of bisons but with plenty of monkeys.

We reached the Secret Ivory Resort at 12 noon. A very calm and beautiful resort with more of trees, bushes, bamboo shoots and grassland surroundings. This friendly atmosphere made the Smithies scamper around the place till their energy was expended. It was time for us to have our lunch at this resort. The food was in buffet system. A variety of dishes were served and it was very yummy and delicious. All of us swiped the dishes. This resort had a tree house made up of bamboo shoots. It was very steep and was right up on a tree. We visited this house after our lunch. An unique experience faced by all of us when climbing up to this house.

We started our jungle ride at 4 p.m. The most awaiting moment by the Smithies. We had seven jeeps which drove us through the jungle. The journey was for two hours. We saw deer, peacocks, peahens, bisons, langoors and elephants with their calves. It was a thrilling ride in a wild life sanctuary.

After the ride we returned to the resort to have our refreshment and then we started our journey back to school. Here ends our trip with beautiful memories.
