

Craft activity at Smith Cottage by Grade III

Craft – It is the skill in making or decorating things especially and completely with the hands.

The students of grade 3 had been given a chance to embrace their artistic skills. The craft activity by the grade 3 students was done on the 29th of September 2018. The theme of this activity was ‘Know your Animals’. A lot of amazing and exciting craft work was made by them and also they learnt about the animals in other countries. The students were divided into 5 groups. Each group had to do different animals. The children made turtles, kangaroos, penguins, fish and snakes. The outline for the animals was drawn and the children with their little magic fingers did the cutting, painting, pasting and they decorated the animals. The end result was an unbelievable treat for the eyes. An extraordinary creative craft work by the grade 3 Smithies. Well done!
