

BAGLESS DAY

Trip to MRC MUSEUM AND KATTERY PARK on bag less day (19th August 2023).

There were 64 children from grade 6 A & B who went to MRC MUSEUM. We started our trip around 9:30am to the museum.

The museum has been dedicated to showcasing the military achievements.

Upon arrival we were shown a film which detailed the training and recruitment process of the military as well as the sports played by the soldiers and the awards they received known as PARAMAVEER CHAKRS award. This would have been an excellent opportunity for the children to learn about the rigorous process of becoming a soldier and the various skills and attributes required to serve in the military.

In addition to the film, the museum also had an impressive collection of old guns and military equipment from different time periods. We had a chance to view these items up close and learn about their use and significance in various historical conflicts.

The museum also had a display on the history of World War 1 & World War 2 which showcased the countries involved and various images and stories from the wars. This interactive and immersive experience would have likely been an exciting and engaging way for us to learn about the challenges faced by soldiers in different parts of the world.

In conclusion the visit to MRC museum was an educative and informative experience.

After that we proceeded to Kattery Park. This park is located at Coonoor to Mettupalayam road. There is an excellent view of two rivers confluence scene near Rannimedu railway station under this park. It is a well maintained park. We enjoyed the natural beauty along a wide variety of colorful and fascinating flowers. It is a wonderful spot for sightseeing. The Locations offers spectacular views of the surrounding forests. We enjoyed this trip and gained more knowledge.

We thank our Principal, Head master and escorted staffs for all their tremendous effort in making this trip safe and success.
